HAPPY NEW YEAR!

Happy New Year to all of you! We pray that your 2022 is the best yet. It's easy for all of us to say, "Finally, 2021 is over" but let's not do that this year.

My hope is that you find the blessings that came in 2021 and build on those positives this next year! One way that we are building on positives here at West Central is by having our campus accessible for retreats and rentals when camp is not in session.

Check out this picture of a retreat that ended our 2021 Calendar year!

Projects and More!

Lots of Projects Happening

This Camp Off-Season (August 2021 – May 2022) we have many projects underway and slated to continue give our camp a facelift. Other projects on the slate (or in progress) that are not pictured are: Dining Hall facelift, path/road down to activity field and Barn/Shed renovation.

Manager's House

West Central's Manager's House has some issues that have to be addressed in the coming months. One of the issues, the foundation, is currently being addressed (pictured below). Other issues needing to be addressed are: Roofing, siding, back deck. After those projects are complete – we'll need to work up a plan to address the interior walls and flooring.

Be on the lookout in the next month or so for more information for our plan!
